Dental health examinations provide:

Clinical examination to catch developing problems early

Checking for signs of oral cancer for early detection

X-rays if necessary for an internal examination of their oral health

Professional removal of harmful hard plaque on areas that can't be reached by normal tooth brushing

Advice and techniques to prevent tooth decay and gum disease

Fresher breath and a brighter smile for improved self-esteem

* The Worldwide Dental Emergency Assistance Scheme is a scheme established to offer support and assistance to dental plan patients who request treatment following a dental trauma and/or dental emergency or oral cancer. The Scheme responds to requests for assistance on a wholly discretionary basis. This means that, whilst the Scheme aims to provide benefits in most cases, it has no obligation to provide any benefit unless it first decides (in its sole and absolute discretion) that it should provide a benefit. There are some circumstances in which the Scheme is not designed to help and these are explained in more detail in the Scheme Handbook. Each request will be looked at individually to assess the request for benefit. Certain restrictions and limitations may apply in the event that the request is accepted and it is possible that the Scheme will decide to provide no benefit.

** Exclusions apply.

*** The provision of dental health examinations and hygiene visits is subject to receipt of the required consecutive monthly payments. Prices correct at time of print.

**** An initial administrative fee of £9.50 will be collected with your first payment only.
